Dear Tori,

Sorry this letter of support has taken me a few days. I flew out to Malta on a dive trip a few days ago, and things are very busy.

I understand from Christian that you have discussed an OWSI job, and that arrangements have more or less been made now. Nevertheless, I wanted to voice my support.

I have trained Christian from his Junior OW all the way through to MSD, and then through his DM and now to OWSI.

I have known him for many years as a calm, collected and exemplary diver. He has good physical fitness and is also a qualified lifeguard.

When he has dived with us he is thoughtful and helpful both on land and sub surface. He is very bright and quick to learn. He has ran DSD's and assisted with training at our 5 Star IDC in the UK, guided small group dives in the Red Sea and the UK and also helped in the shop filling cylinders and speaking to customers.

I have found him to be an excellent divemaster when working with myself and my staff.

I have every confidence he will continue to excel as an instructor and continue to improve and develop.

I have no hesitation in recommending him to you.

Kind Regards,

Managing Director
